

Line Array Loudspeaker System

215-C

215 - C Product Features

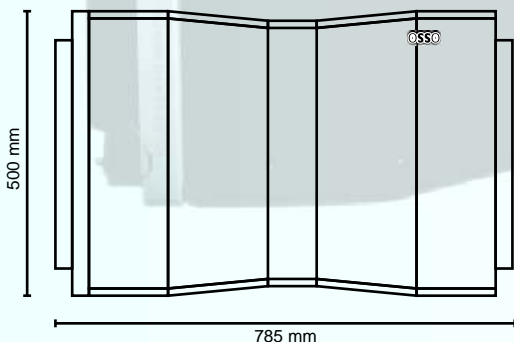

- Type : Triangle line array Loudspeaker System
- Enclosure : Low mid system compatible just for 2288C
- Nominal Impedance : 4 oHm
- Power Handling : RMS 700 W - peak 1400W - program 2800W
- Sensitivity : 1W@1M : 104dB  
Peak spl : 139dB
- Components : 2X15" High power output
- Frequency response : 70Hz-5KHz
- Directivity Dispersion Angle : Horizontal 120 Degrees, Vertical 45 Degrees
- Input Connection : 2XNL 4Mp - 4pole speakon passive loop thru
- Flying Fitting : 4 x Steel Anchor points
- Weight (kg) : 77
