

Professional Active Loudspeaker System

OS 15A-250

Product Features :

- Type : Plastic powered fullrange loud speaker system
- Enclosure : Two Way System
- Components : Lf 1 x 15 " , Woofer Bass Reflex, Hf 1 x 1" high transducers voice coil
- Frequency response : 50 Hz - 18 kHz
- Pressure Sensitivity : 1 W@1m : 96 dB
- Handling : Two transport handless and stand adapter
- Power Output : 250 W RMS
- Power Consumption : 150 w
- Power supply : 220V/50Hz / 10 A Fuse
- Input connection : 3 x XLR + Jack
- Processor Controller : 1 x Low - mid - hi - tone control
1 x Echo - repeat - delay control,
1 switch bypass for equalizer for flat monitoring
- Dispersion : Horizontal x vertical 100 degrees
- Weight kg : 29
- Rating Distortion Power : 300W (8ohm)
- Mic. Sensitivity : < 15mV/600ohm
- Music Sensitivity : < 200mV ~ 20kHz
- Distortion : < 0.1%(20W 1 kHz)
- Level : > 2v Rms (balanced output)
